

AXIAL PRESS TOOLS

RCS offers two battery powered press tooling systems designed for convenient, fast, safe, and reliable pressing of our Axial Swaged flame-free mechanically attached fittings.

The premium PSP master kit is a powerful hydraulic press tool system operating on 18V Lithium-Ion battery platform, and RCS quick-change clamps and inserts design to press up to 1-5/8" fittings while the RCS-2623 tool package provides smart solutions for close-quarter installation of fittings up to 1-1/8" diameter.

PSP-4518-T1 Battery Powered Press Toolkit

- 1 ea. 45 KN Axial Press Tool
- 1 ea. 4 Amp-HR, 18V, Li-Ion Battery
- 1 ea. Battery Rapid Charger
- 1 pair Universal Press Clamps with
 - 1/4"-3/8" Clamp Inserts
 - 1/2" Clamp Inserts
 - 5/8" Clamp Inserts
 - 3/4" Clamp Inserts
 - 7/8" Clamp Inserts
 - 1-1/8" Clamp Inserts
- 1 pair 1-3/8" Dedicated Press Clamps
- 1 pair 1-5/8" Dedicated Press Clamps
- 1 ea. Carrying Case with Operation Instructions

RCS-2623 Battery Powered Press Toolkit

- 1 ea. 26 KN Axial Press Tool
- 2 ea. 2 Amp-HR, 18V, Li-Ion Battery
- 1 ea. Charger
- 1 pair 1/4" X 1/2" Rotary Clamps
- 1 pair 5/8" X 3/4" Rotary Clamps
- 1 pair 7/8" X 1-1/8" Rotary Clamps
- 1 ea. Carrying Case with Operation Instructions

WARNING

- Not for use in hazardous, explosive, or wet environment.
- The assembly of gas pipes in gas distribution line with this tool is prohibited.
- These tools operate at high closing pressure and can cause severe damage or injury.
- For use by professionally trained technician only.
